Notice went forward to Johnson Monday that his application had been accepted and it is expected that a favorable reply will be received by President Bayly within a few days. It is understood that Johnson was chosen from a field of four applicants.

York, for two and a half years. Gloversville is a manufacturing town of 25,000 population. During his incumbency with the chamber of commerce in that city, Johnson has multiplied the original membership ten times. He was recommended for the Lima place by Congressman Daniel Reed of New York, who conducted a successful membership drive here for the chamber of commerce

Johnson is married and is 33 years of age. Before going to Gloversville he was at Asbury Park, New Jersey, in the same line of work and before that was located at Johnstown, Pa., as assistant secretary of the Johnstown chamber of commerce.

HOMES FOR 200 FINE BOYS ARE WANTED

Eight hundred of the finest boys in Ohio will arrive in Lima Friday, for a stay of three days to attend the state convention of the Older Boys of the Y.

Accommodations have been secured for 400 of them. Six hundred already are registered. Citizens of Lima have been generous in their response to the appeal to open their homes to these visitors, but at least 200 more must be cared for.

The Y. M. C. A. officials Tuesday is-

sued an appeal to the people of the city to arrange to take care of the number for whom accommodations have not been secured.

Beds, chiefly, are wanted. If householders feel they cannot give the boys their meals while here other arrangements can be made, but most of the persons who have agreed to take 400 of them will also feed them.

Homes for the boys in any part of the city are being asked for. They will arrive Friday and remain until Sunday afternoon or Monday morning. They are between 16 and 20 years old and 1

will come from every part of the state It is the duty of the city to entertain them well while here. The Kiwanis club will give them a banquet Friday night and will otherwise assist in looking after them. Persons who will take one or more

boys into their homes should call the Chamber of Commerce or the Y M. C. A. tonight or not later than noon Wednesday. Here are the telephone num-

Notice went forward to Johnson Monday that his application had been accepted and it is expected that a favorable reply will be received by President Bayly within a few days. It is understood that Johnson was chosen from a field of four applicants.

The new secretary has been located at Gloversville, New York, for two and a half years. Gloversville is a manufacturing town of 25,000 population. During his incumbency with the chamber of commerce in that city, Johnson has multiplied the original membership ten times. He was recommended for the Lima place by Congressman Daniel Reed of New York, who conducted a successful membership drive here for the chamber of com-

Makes Effort to Save This Fuel for Lima-Price to Small Consumers Would be Below Average of Other Cities

Letter Goes to Council Tonight—Plan Would Guarantes Sufficient Gas for City-Means Average of \$2.75 a Month

When City Council meets tonight there will be in its hancis new proposition from the Lima Natural Gas Co. which will assure gas to the consumers of Lima this winter at a price below that

proposed by the expert the city hired a short time ago. E. R. Curtin, president of the gas company announced today that he had placed in the hands of the clerk of council a letter in which he offers to enter into an agreement with the - Strong military patrols manned city for a period of two years to furevery bridge and road running out nish natural gas on a busis which of the city of Dublin Monday night would amount to \$2.75 a month for

He offers to fix the price of the first 1.000 feet of gas at 85 cents skirts of the city. Reports reaching the second at 90 cents; third, \$1 fourth, \$1.10; next 6,000 feet \$1.25 and all over 10,000 feet

Curlin said this would permit his concern to enter into a new con-tract with the Medina Gas & Fuel Co, and pay the price, 40 cents per 1.006 feet, the Medina company is demanding. He explained that it would not place the Lima company on a basis which would pay, making a return of only between 4 and 5 per cent on the company's property valuation as fixed by the city's en-gineer, \$1,300,000. The mighten said the return should be 8 per det

net on this amount. Curtin said the people have been placed in a position where they will receive little or no gas this winter and that means the death of this fuel after next September. He said his plan in offering this proposition

in his letter to council Curtin says that the loss his company has suffered in the first 10 months of this year has been \$61,158.68 su compared with the same period in 1919, or at the rate of 108 per cent. Council has been called to consider the gas matter tonight. It is practically certain that the proposal of the city and Chamber of Commerce's expert, E. E. Brownell, will be turned down at this meeting,

Brownell recommended to ten o'clock, however, the crow's have a return of 8 per cent net with soon dwindled, and a little after nine 3 per cent for depreciation.

Curtin's Letter To Council

Gentlemen:-

Many months ago I appeared before your Konorable Body in behalf of the gas consumers of Limbs feeling that the natural gas situation had become a serious proposition; R tried to show you a way whereby the gas consumers in Lima would be assured a supply of gas for the coming two years, for cooking, het water heaters and small room heaters. which would represent an average consumption per consumer of approximately four or five thousand cubic feet per month, and which I teel would take care of the only

business we could furnish gas for explained our connection with the Medina Gas & Fuel Company, recog nizing that we had a contract with the city of Lima which does not evpire until next September, and agreeing to stand by that contract if the also showed you where it would be impossible for us to carry out that contract satisfactory to you without

CITY WINS FIGHT ON CHECK

Supreme Court Rules Against Cincinnati Bond Buyers

OF \$4,770 INVOLVED

City Authorized to Make Collection of Certified Check

City Auditor David L. Rupert . d the City of Lima won a victory Tuesday and established a precedent for other Ohio municipalities, while Breed, Elliott & Harrison, Cincinnati investment brokers, lost their injunction suit in the supreme court, when that body overruled the company's motion for review of judgment of the court of appeals.

The fight which has been hanging fire in the courts since 1916, involved a sale by the city auditor to the investment brokers, of \$550, were worth of waterworks improvement-

The principal bone of contention was woven around the collection by the city on a check for \$4.770, posted by the brokers as a guarantee of good faith in living up to the terms of the contract entered into at the

time of the bond sale. Both parties charged violation of contract, and the brokerage firm sued for injunction to prevent collection on their charge. lection on their check. The injunction was granted in the court of common pleas, but the Haus-

ilton-co court, of appeals reversed the decision. The latter judgment was upheld when the case was decided in the supreme court at Columbus The bonds, embodying funds for construction of Lima's new water reservoir and the erection of a pump-

station, were sold to the investment brokers in 1916, at which time City Auditor Rupert entered into a contract specifying the bonds were to be delivered in the city whenever

tered into. Rupert had secured it by having the brokerage firm deposit a certified check for \$4,770. The Cincinnati company sued for return of their check and won out in

the court of common pleas. Rupert and the city carried the case into the court of appeals, where the decision was reversed. The company then appealed to the

upreme court. The city was again. upheld in the decision banded down there Tuesday.

Attorneys Harry Bentley and Melvin C. Light represented the city in the legal battle.

"I am pleased with the outcome of the suit," said City Auditor Rupert Tuesday afternoon. "It establishes the fact that bond buyers cannot get away from a certified check, put up to insure contracts for bond purchaess."

GENEVA CLASH OVER DYSING ARMENIA LOOMS

Council Fails to Act on League of Nations' Resolution 12 Looking to Intervention—Heated Debate on the Question Is Expected to Follow

GENEVA .- (By Associated Press.) - A clash between the council and the assembly of the league of nations on the question of the carrying out of the assembly's resolution of Monday for intervention in the Armenian situation loomed up as a possibility Tuesday forenoon as the assembly met.

The subject of Armenia was early to the fore, the chairman, announcing the makeup of the committee to examine into the detalls of the eventual intervention. The committee was headed by Lord Robert Ceell, of the Union of

Thousands Have Kidney Trouble and Never Suspect It

Applicants for Insurance Often Rejected

Judging from reports from drug-gists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these condi-tions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success. An examining physician for one of the prominent Life Insurance Compaules, in an interview on the subeut, made the astonishing statement that one reason why so many applirants for insurance are rejected is ecaase kidney trouble is so common to the American people, and the arge majority of those whose appli-cations are declined do not even susject that they have the disease. Dr. Kilmer's Swamp-Root is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Bughamton, N. Y., for a sample bottle. When writing be sure and mution this paper.

Work for December to be Planned at Meeting Tonight

A teut ... "e program of the work December will be mapped out at a meeting of the ways and means division in the chamber of commerce roons Tuesday night.

Preliminary plans for conducting the city's welfare campaign, which will be launched on Christmas day, will be discussed, R. E. Ashley, secetary of the committee, said Tues-

The question of a head for the welfare association will also be taken up, Ashley said.

Worthy charitable organizations in the city will receive apportionments of approximately \$59,900 or \$60,000, it is believed, when Lima's community welfare fund campaign draws to a close.

Budgets from the various organizations, estimating their probable needs, must be in the committee's hands not later than December 1, it has been decided

SEEK "SILENCER" FOR MULES

Missouri "Nightingales" Cause For Court Action

-BAN FRANCISCO - The Missouri hightingale, famed from border to border for generations and who lately acquired new honors in service with the A. E. P. in France, has achieved higher glories. For the name of the mule entered the domain of the law and is duly recorded in its records in no uncertain terms.

This nightingule and his "strident cacaphonies" has been legally dis-cussed by Judge Finlayson, of the California District Court of Appeal in the case of Boyd vs City of Sierra Madre. The facts of the case appear that Boyd, the owner of several long-eared beauties has been asked to either muffle or rid the city of them. Says Judge Finlayson:

"We know of no Heaven-sent Maxim to invent a sliencer for this brute, that one beholding him, neck outstretched and jaws distended wide, could persuade himself that he but heard from the depths of the heast's crimson-coated cavern:

a sound so fine there's nothing lives
'Twint it and silence'

Judge Finlayson fears that until the arrival of the "whispering burro" or until "man invents some harmless but efficient mule muff! r we shall oft "in the dead and vast middle of the night" even in such corrals as appellants kept "in a cleanly, wholesome and sanitary man ner" hear the loud discordant bray of this socialable but sbrill-toned friend of man filling the air "with barbarous dissonance" and drowning even that shout that

In the Dining-Car

THE dining-cars of the New York Central Lines are not run for profit. They exist solely for the convenience and comfort of travelers. The greatest care is exercised in the selection of the food. No big hotel could be more particular in this regard.

As you take your seat and order your meal, have you ever stopped to consider that you are but one of 10.726 persons served every day on these Lines? That twenty years of thought and effort and planning stand behind the serving of this single luncheon or dinner?

This dining-car service, concentrated under one roof would, in itself, constitute a problem; but, scattered over a territory embracing twelve thousand miles or more, it represents a responsibility of even greater magnitude.

ID you know that the New York Central Lines purchase 2,015,000 pounds of meat a year for consumption in their diners? That there are 154 dining-cars like that in which you are riding, and that this number is being rapidly increased? Twelve new dining-cars will soon be completed and in use. These cars cost approximately \$45,000 each—an investment which would make possible quite a commodious night-and-day city restaurant.

The number of waiters who serve the traveling public on these Lines is 884, and in the course of a year 42,993 bushels of potatoes are bought; 235,392 pounds of butter; 720,000 loaves of bread; 355,475 pounds of chicken; 371,193 pounds of sugar; and 324,060

In the compact kitchens are 651 busy cooks. And the unbelievable sum of 14,076,108 pieces of linen are laundered every year.

EVERY employee in our dining-cars is physically examined at the time of his engagement and at stated intervals thereafter, and must pass exacting tests.

Under the pressure of many transportation problems, the comfort and convenience of passengers have always, been major considerations on the New York Central Lines.

Solieve That Old Humbur About matism - It's Not So!"

Emphatically asserting that thousands of unfortunate sufferers have been led into taking wrong treatments under the old and false belief that "Uric Acid" causes rheumatism. Pastor H. W. Reed says:

"As do some of our lighest medical authorities, I now know that 'Uric Acid' never did and never will cause theumatism. But it took me many years to find out this truta. I learned how to get rid of my theamatism and recover my health and strength, through reading 'The Ioner Mysteries of Rheumatism' a work written by an authority who has scientifically studied the cause and treatment of rheumatism for over twenty years. It was indeed a veritable revelation!

"I had suffered ageny for years from rheumatism and associated disorders, and Mrs. Reed was tortured with the domen neutritis almost beyond endurance. We had read and talked so much about 'Uric Acid' that our minds seemed poisoned. But the 'Inner Mysteries of Rheumatism' made it all clear to us and now we are both free from the suffering and misery we endured so many years. I believe I was the hardest man in the world to convert! For me to discard the old 'Uric Acid' theory, and what I now know to be absolutely false, for the new, scientific understanding of the causes and cure of rheumatism, was like asking me to change, and it was a fortunate day for me and mine when I did so."

NOTE: "The Inner Mysteries of Rheumatism, were listed disorders overlooked by doctors and scientists for centuries past. It is a work that should be in the hands of every man or women who has the slightest symptoms of rheumatism, neuritis, lumbage or gout. Anyone we sends name and address to H. P. BEAUTY OVERNIGHT

The first application of Howard's Buttermik Cream will astonish you. It creates beauty almost like magic, but the most wonderful thing about it is the fact that whilst it turns the duliest and most lifeless complexion to radiant beauty and makes red or rough arms snowy white, yet there is not the slightest sign of its use after application, it actually vanishes from sight and the most heated atmosphere will not produce the least shinness or grandiness of the skin. It is absolutely harmless and will neither produce or stimulate the growth of hair. Within twenty-four hours this wonderful combination called Howard's Buttermilk Cream will work a marvelous transformation.

Get a small quantity today at any good drug or toilet goods counter. The directions are simple and it costs so little that any girl or woman can afford it. In addition the manufacturers authorize every druggist to return the parchase money unless the first application shows noticeable improvement, so be sure to try it at our expense. How to Make Pine Cough Syrup at Home Has no equal for prompt results.

Takes but a moment to prepare,

and saves you about \$2.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup.

To make the best pine cough remedy that money can buy, put 2½ ounces of Pinex in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the money. It is pute, good and very physiant—children take it eagerly.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial astima, hoarseness, or any ordinary throat aliment.

Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs.

Beware of substitutes. Ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything clse. Guaranteed to give absolute satisfaction or money refunded. The Pinex Lo., Ft. Wayne, Ind.

Ten Encouraging Business Reasons Are Given Out

WELLESLEY, Mass. - Ten reasons why the business outlook in the United States is favorable and why business men should assume a more optimistic attitude are given by Roger W. Babson, famous statisticcian. Here they are:

"First, the working people in this country are in possession of the great majority of the bonds issued by the United States Government during the war. This is a very fav-orable sign, for it shows that the great mass of people are in a sound financial condition.

Second, that as a result of the coming of national prohibition two and one-half billion dollars previously wasted in this industry yearly is now available for business projects that are more useful, and more likely to promote the welfare of all pao-

Third, that in spite of the widespread opinion to the contrary, the Federal Reserve Banking System has been an important factor in stabilizing financial conditions in this coun-

"Fourth, that advertising is now en influential means of moulding public opinion. This profession has now reached such an advanced and scientific stage in its development that it is a logical means by which the people of the country can be convinced that contrary to their present opinion busines is really on a firm hasis and that there is no cause for

the present depression.
"Fifth, that the argument that the falling off of our foreign trade will prove ruinous is ill-founded, for such trade only constitutes 5 per cent of the total. What little stoppage there may be in this field, theerfore, is of lighe or no consequence and will have no noticeable effect on the general business outlook.

"Sixth, that recently the standardization of manufacturing processes has been increasing with such amazing rapidity that there has been a considerable reduction in the cost of commodities. This is a permanent influence of no mean importance and should not be slighted in any consideration of the future of industries in

"Seventh, that all statistics 3ath-cred recently offer overwhelming preof that seasonal fluctuations in production in this country are rapidly decreasing. This will prove to be very beneficial, as it will tend to make the demands for labor more

Eighth, that taxation will be radically reduced in the near future. "Ninth, that rapid progress is oning made in industrial education with the result that the men employed in industrial plants are much better trained for their tasks and are performing them with far great-er efficiency. The trade schools of the country are accomplishing wonders in this way.

Tenth, that the United States as a result of the war is now a creditor nation instead of a debtor nation and, therefore, is in a very powerful position in the business world." eoC etaoi etaoi

Immediately after the service, Mr. and Mrs Brentlinger left for a trip to Toledo and a stay at points in northern Michigan. Upon their arrival from a short trip, they will stop in Lima for a visit with rela-tives and friends, before going to their home in Westminster, where they will reside in a rural residence

The bride is a woman of charming personality and a wide circle of admiring friends. She has lived in Lima practically her entire life and has been making her home with her sister, Mrs. D. A. Dimond, 417 W. McKibben-st.

Mr. Brentlinger was formerly employed in Lima, but has given up work in the city for farm life. He is the son of Mr. and Mrs. David C. Brentlinger, well-to-do residents of Westminster.

Twenty four members of the Roundtable club responded to roll tall at the meeting Monday afternoon with Thanksgiving quotations. Mrs. R. A. Buchapan, W. Market-st, was hostess. A paper on the Origin of Thanksgiving" was read by Mrs. T W. Greenland. The magazine article of the afternoon on the "Japanese Newspaper" was presented by Mrs. Nellie Simpson. She had also secured a Japanese newspaper and explained its arrangement.

Guests of the afternoon were Miss Grace Lynch, Mrs R. C. Eastman, Mrs. Bert Keller, Oxford, and Mrs. James Risser, Lebanon, Pa. Tea was served at 5 o'clock by the host-

shall simply die if I have to go auother step upon that creature."

She said it cheerfully, but firmly, a sisepy, sunburned little nomad, srting cross-legged in the sands, slowly plaiting her honey-colored heir. "Even this," she announced, indicating the slight gesture of braiding,

"It's the morning after," said Billy, testing his shoulder with wry grimaces. "It's yesterday's speed and then this infernally cold night. No wonder we're lame. Why, I have one universal crick wherever I used to have muscles. But let me call your attention to the fact that we are in the wilds of Egypt and that tanger-ines are hardly a lasting breakfast. Something has to be done." "Not upon camels," said Arlee

"A long, lingering, agonizing death," the young lady translated. She tossed the curly end of her braid over her shoulder and rose, with sounds of lamentation. "I ought to have known better than to it down again when I was once up,"

the confided sadly. "Just what," inquired her companion, "is your idea for the day? How do you expect to reach Girgah? It can't be very far away now ---

"Then we'll walk—we'll walk." she emphasized, "and tow those ships of the desert after us. "hat will be had chough, but better-what's that?"

Like a top, for all his stiffness. Billy spun about to stare where her linger pointed. Over the crest of a hillock, far to the north-yes, something was hurrying their way. "A man on horseback," said Arlee

anniously. "They can't have traced us, can they, all this way-?" "Of course not-but we'll take no chances." returned Billy briskly; "no more talk of pedestrian tours now!" and promptly he helped the girl, no longer demorring, into the saddle, and thwacked her camel into arising, just dodging the long. Yallow teeth that the resentful beast tried to fasten upon his shoulder.

They started at no soothing walk, but at a harrying trot. Worriedly, her delicate brows knilling, "It's absurd, but," said Ar-lec, "they could have traced up, I suppose, from my telegraphing at that little native station for ray

trunks to be sent. "And mine," said Billy, "And from my trying to get my letter of credit cashed."

"That Captain could have tel? graphed to all the places down the line to know if wo'd been seen-" Even if we hadn't wired or tried to get money, our presence alone and our buying food would have moused talk. "Just keen ou going," she on-couraged. "We can't be very far from (Firgeh, can we?" "I don't know," said Billy soberty. "It may be half a day or a whole

day more-you remember how vague that old woman vas lest night...!" Bitterly he added. "And I'm afraid you've got a chump of a guide."
"I've the best one in the world!"

she flashed indignantly.

But her asserance brought no solace to the vonng man's troubled soul. He rejected that they could have taken a train the day before. To be sure, he had not money enough for tickets to Luzor, yet be had enough for two to Girgen. But Arlee had shrunk from entering a train in her dishevelled costume tearful of watching eyes and gos-iping tongues, and had advised riding on to Girach, where shows and lanks would help them, and he hal yielded apparently to her desires, but in reality to his own secret celf that clung to every joyful contra-band moment of this magic time with her. Sincerely he had thought their danger ended . . . But those trailing horsemen—"Brute!" he raged dumbly at himself. "Dolt: Idiot!"
Anxiously Billy looked at Arice.
It was an ordeal of a ride.

Why Teeth Stain You leave a film-coat on them

Most teeth are dimmed more or less by a film. Smokers' teeth often become darkly coated.

That film makes teeth look dingy, and most tooth troubles are now traced to it.

Millions now combat that film in a new, scientific way. This is to offer a test to you, to show the unique results.

You must end film

The film is viscous - you can feel it with your tongue. It clings to teeth, enters crev-

Ordinary brushing methods leave much of this film intact. So millions find that wellbrushed teeth discolor and decay. You must attack film in a better way, else you will suffer from it.

It is the film-coat that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea.

The New-Day Dentifrice

A scientific film combatant, combined with two other modern requisites. Now advised for daily use by leading dentists everywhere. Supplied by druggists m large tubes.

Efficient ways

Dental science, after painstaking research. has developed effective ways to fight film. The world's highest authorities now approve them, after careful tests.

These ways are combined in a dentifrice called Pepsodent. And leading dentists everywhere now advise its daily use. A ten-day tube is being sent to everyone who asks.

Watch these new effects

One ingredient is pepsia. One multiplies the starch digestant in the saliva to dissolve the starch deposits that cling. One multiplies the alkalinity of the saliva to neutralize mouth acids as they form.

Two factors directly attack the film. One keeps the teeth so highly polished that film cannot easily Pepsodent has brought a new era in teeth cleaning. It fights the tooth destroyers as was never

done before.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the film-

coat disappears. You will always brush teeth in this new way when you watch the results for a week. Cut out the coupon now.

COST OF FOOD HAS DROPPED

No Time for Increasing Wages, Swift Official Holds

CHICAGO.—A 35 per cent drop in the price of shoes was predicted to-day by L. H. D. Weld, head of the department of commercial research of Switt & Co., at the recenting of the packing house employee' wage hearing before Federal Judge Samuel A Alschuler, wage arbiter.

Mr. Weld, however, refused to

hold out hope for a material decrease in the cost of meats.
"The nain cason for this." said, "is that the price of by-products

has slumped. A year ago a 100 pound lamb supplied by-products which sold for \$14. Today these products sell for \$1." Mr. Weld said many retailers have failed to give their customers the henefit of the decreases. PACKERS CLAIM PRICES

Women of Middle Age

Owing to modern methods of living not one woman in a thousand approaches this perfectly natural change in her life without experiencing a train of very annoying and sometimes painful symptoms. Those dreadful hot flashes, smothering spells, fainting spells, nervous troubles and irregularities are symptoms that should have prompt attention. These two letters prove what a successful remedy Lydia E. Pinkham's Vegetable Compound is for women at this time of life.

These Two Women Helped During Change of Life.

Taunton, Mass.—"I could not eat or sleep for six months, had fainting spells and could not walk without help for three months, caused by female trouble, My cousin, who was a doctor, told mo to take Ladia E. Prosham's Vegetable Compound and it helped me greatly. Ther during the Change of Life I used the same remedy. I am seventy years old now and am able to do my own housework and walk one mile to church every Sunday morning and evening. I am recommending the Vegetable Compound to my friends having the same troubles as I had. Your remedy is the best on earth. I cannot find words to express my gratitude for it "—Mrs. Susan C. Staples, 157 B School St., Taunton, Mass.

Philadelphia, l'a-"I want to let you know what good Ivdia E. Pinkham's Vegetable Compound has done me. I had organic troubles and am going through the Change of Life. I was taken with a pain in my side and a bad headache. I could not he down could not eat or sleep. I suffered something terrible and the doctor's medicine did me no good at all—my pains got worso instead of better. I began taking the Vegetable Compound and telt a change from the first. Now I feel time and advise any one going through the Change of Life to try it, for it cured me after I had given up all because of getting better. had given up all hopes of getting better. I will tell any one who writes to me tho good it has done me."—Mrs. MARGARET DANZ, 743 N. 25th St., Philadelphia, Pa.
